

TREMBLAY LEADERSHIP CENTER

EFFECTIVE AND POWERFUL PRESENTATION PERFORMANCE

SEMINAR TOPICS

Introduction - Effective Presentations and Delivery

If you are called upon to speak publicly, hopefully you will aspire to share your knowledge in a method that will create a lasting, positive impression for the group receiving your message. Learn the fundamentals in this one day program.

You don't get a second chance to make a first impression, but you can learn from an expert in a safe environment for practice, polish and poise before your big presentation.

Intermediate - Powerful Presentation Performance

When all is said and done, more is said than done! This program is a must for anyone wanting to present with more impact, create a lasting impression and call people to action that results in a measureable difference.

More will be done than said, by those who attend presentations led by professional, polished experts. You can be one of these experts.

This program offers a quantum leap opportunity from amateur to professional.

Expect more impact and inspire people to take action.

"Learn, Implement and Practice"

Corporations spend a great deal of money on meetings and conferences, and employee time to deliver and attend. Ensure your meetings have a great ROI with powerful presentations that result in more sales, profit, and influence.

These two, full-day programs are a must for anyone wanting to present with confidence and impact, leave their audience with a positive long lasting impression, and call people to action.

For maximum hands-on delivery experience, class size is limited to 8 participants who come prepared with a presentation. Performance theory is taught with participant centred learning strategies. Immediate application of knowledge is accomplished with hands-on delivery and instant feedback.

"Build Confidence and Get the Results you desire"

Instructor

Tap into the experience of Penny Tremblay, international speaker and seminar leader with over 20 years of session development and delivery expertise.

Penny has achieved the highest communication designation from Toast Masters International, and is in the business of professional speaking and corporate training. She has helped thousands of students with individual presentations, to achieve objectives, engage audiences and deliver with confidence and effectiveness.

Participants are given what they need to make a quantum leap from amateur to professional with tips and tricks used by industry professionals.

Testimonial

"I was happy to incorporate techniques I learned from Penny immediately following this program. I grabbed and held the audience's attention, included a story with some personal comments and even got laughter from the audience, which was a first for me. I would highly recommend this session for presenters of all experience levels."
